

# KNOX COUNTY COMPREHENSIVE PLAN UPDATE

## PROJECT PURPOSE

A Comprehensive Plan provides the framework for community stability, growth, and long-term success. Regular plan updates are needed to ensure the plan aligns with evolving goals and to ensure implementation strategies remain on track.

## APPROACH

OHM Advisors has created an approach aimed at respecting past planning efforts while developing a true understanding of the needs of Knox County in the next version of the Comprehensive Plan. In a series of collaborative workshop exercises, the Steering Committee will be guided through a process to identify specific plan needs and desired outcomes of the planning process. This will allow the group to identify the type of plan most closely aligned with the vision of the community, while enabling creation of a vital “working document” to drive implementation.
